ENTRIES PER EVENT

Each delegation may enter with maximum 1 wrestler per each weight category.

WRESTLING

TECHNICAL RULES AND REGULATIONS

4. TECHNICAL RULES

The weigh-in is organized each morning of the concerned weight-category. The weigh-in and the medical control lasts 30 minutes. The only uniform allowed for the weigh-in is the singlet. After having been examined by qualified physicians who are obliged to eliminate any wrestler who presents any danger of contagious diseases, the wrestler can be weighed in. No weight tolerance will be allowed for the singlet, and another things Accordance with UWW rules

System of play

COMPETITION SYSTEM

1. NORDIC TOURNAMENT (less than 6 participants)

In a weight category with less than 6 participants, the Nordic system must be used (each athlete facing each athlete).

The final ranking is established according to the following criteria:

- Most wins.
- If two wrestlers have an equal number of victories, their direct match will determine their ranking.
- If more than two wrestlers are tie, the ranking will be determined following this criteria across the all competition:
 - The highest classification points
 - The highest victories by "Fall"
 - The highest match victories by superiority
 - The highest technical points scored
 - The fewest technical points given
 - The lowest draw number

2. SYSTEM WITH TWO POOLS (6 or 7 participants)

The competition starts with a pool phase with two groups.

All wrestlers from each group will compete against all the other wrestlers of their group (the Nordic tournament system is used as the ranking criterion within each group). Ranking within the groups is used to determine the pairings for the semi-finals.

The semi-final matches will consist with:

- the first ranked in the group A against the second ranked in the group B
- the second ranked in the group A against the first ranked in the group B

The gold medal match will be between the winners of the semi-finals and the bronze medal match will be between the losers of the semi-finals.

Only one bronze medal will be awarded for this scenario

WRESTLING

TECHNICAL RULES AND REGULATIONS

3. DOUBLE ELIMINATION SYSTEM (8 participants and more)

From 8 participants, a double elimination system with a winner's side and a repechage side must be used – see example of bracket attached.

The number of participants determines which bracket to use (8, 16, 32, etc.).

Qualification Round

If there is no ideal number of wrestlers in a weight category (8, 16, 32, etc.), a qualification round will be organized to reach the perfect number.

Two brackets:

Winners' bracket

Each winner (or exempt wrestler from the qualifying round) goes into the "winners' brackets".

Repechage bracket

- Each wrestler who lost for the first time is redirected to the repechage bracket.
- The last repechage round corresponds to the bronze medal matches.
- A wrestler who loses in the repechage is eliminated from the competition.
- If the wrestlers have already met, the fight must take place again.

Classification in repechage bracket

From the 7th place, wrestlers will be ranked depending on their classification points.

In case of a ranking tie, they will be ranked by analyzing the following criteria successively, across the all competition:

- The most victories by "Fall"
- The most match won by superiority
- The most technical points scored
- The fewest technical points given
- The lowest draw number

5. DRAW

The draw takes place the day before the first competition day. The draw is carried out automatically by the computer system supervised by an official.

The weigh-in is organized each morning of the concerned weight-category.

If one or more wrestlers does not attend or fails the weigh-in, their opponent(s) will win the bout by forfeit. These wrestlers will be eliminated of the competition and will be ranked last, without rank. NO pairing will be made again the day of the competition.

6. PROTESTS AND APPEALS

Appeals involving results or any matter not concerning discipline will be heard by the Jury Appeal. The appeal must be lodged within 30 minutes of the incident and be submitted in English. The payment of amount 50€ must accompany the appeal and is to be paid to LOC in cash. This payment will be refunded only if the appeal is upheld or at the discretion of the Jury Appeal. In the case of an unsuccessful appeal, the payment will be retained by the ISF.
