BAHRAIN

Manama, the most religiously diverse city

With a history of co-existence, what really makes Bahrain unique is its people. Bahrain's capital, Manama, is the most religiously diverse city in the GCC, housing Muslim, Christian, Jewish, and Hindu places of worship all within a one-kilometer radius.

Sport in Bahrain

Football stands as the most popular sport in Bahrain, with horse racing retaining its status as a national pastime. Meanwhile, Bahrainis also continue to engage in traditional sports like falconry which enjoys popularity as a public entertainment.

Bahrainis also harbor a passion for automobiles and speed, exemplified by the annual Bahrain Grand Prix hosted at the Sakhir International Circuit in central Bahrain.

Additionally, the country made its debut in the Summer Olympic Games in 1984.

Did you know ?

The Qal'at al-Bahrain (site of the ancient capital of the ancient civilization of Dilmun), Bahrain's pearling heritage and Dilmun Burial Mounds were designated UNESCO World Heritage Sites in 2005, 2012 and 2019 respectively.

▶ SAFEGUARDING CHILDREN IN SPORT & ANTIDOPING WORKSHOPS

The ISF's promotion of school sport through its international events is no longer confined to the pitches and stadiums, but also involves imparting knowledge through workshops on two themes that are dear to us all: safeguarding and antidoping. ISF firmly believes that children have and must have the necessary inner resources, through these workshops, to understand, identify and react to negative behaviour such as racism, gender inequality or violence and abuse. The challenge for ISF is to find the right way to express difficult ideas and present complicated topics to young people so that they understand, but also so that they correctly apprehend this problem and are able to react to it.

Raising awareness and enabling participants to transfer their knowledge to their peers back home are also key elements of ISF. At this year's Gymnasiade in Bahrain, athletes from all over the world were able to attend week-long workshops given by experts in the field, passing on their knowledge and experience through dedicated, constructive and interactive workshops.

ISF GYMNASIADE 2024

ISF ACADEMY

► PHYSICAL EDUCATION TEACHERS SEMINAR

Whoever said that acquiring knowledge and skills is reserved only for the youth?

The ISF Academy has recently taken on another challenge: to train Physical Education teachers, enhancing their skills and giving them the best tools to promote sports within the school environment. During the Gymnasiade, the ISF Academy, in partnership with International Sports Federation will organise workshops aiming at providing pedagogical tools and innovative exercises to better engage young individuals in sports and develop life skills through the sport. This activities will be open to any PE Teachers worldwide but particularly to local PE Teachers from Bahrain.

Through these educational programs, ISF strongly believes in the importance of these moments of exchange and sharing, designed for both children and adults, providing the right steps to develop school sports and its values worldwide.

► ARTISTIC ACTIVITIES - PAINTING AND SCULPTING

An aerial night-time rendering of a large sports complex. The central feature is a massive, illuminated stadium with a distinctive, ribbed, dome-like roof. Surrounding the stadium are extensive parking lots filled with cars, illuminated walkways, and landscaped areas with palm trees. In the background, another large, curved structure, possibly a gymnasium or arena, is visible. The entire scene is bathed in a cool blue light, with some warmer lights from the buildings and parking areas. A white, jagged, arrow-like graphic element points from the right edge towards the center of the image.
